

Living with Alzheimer's: the Don Reddington Project

BE A PART OF THIS
ONCE-IN-A-LIFETIME
PUBLICATION

The *Methow Valley News* is working on a new special publication,

LIVING WITH ALZHEIMER'S, in conjunction with Don and Ginger Reddington. This unique, magazine-style publication will include Don's eight original articles that ran in our newspaper, as well as photos and supporting information about detecting and living with Alzheimer's.

- Alzheimer's disease is a progressive, degenerative disorder that attacks the brain's nerve cells, or neurons, resulting in loss of memory, thinking and language skills, and behavioral changes.
- Alzheimer's disease is the most common cause of dementia, or loss of intellectual function, among people aged 65 and older.
- It is estimated that as many as 5.1 million Americans may have Alzheimer's disease.

Please consider helping spread this story and support awareness by advertising in LIVING WITH ALZHEIMER'S.

Distribution will be throughout North Central Washington and beyond.

For information about this advertising opportunity, contact Sheila Ward or Tyson Kellie at 997-7011, or email advertising@methowvalleynews.com
