

Living with Alzheimer's:

The Don Reddington Project

We are asking
for your help to
make this project
come to life.

Many of you have read, appreciated and asked for copies of the eight articles that Don wrote for the Methow Valley News last year in conjunction with the late Jerry Bristol. The feedback — from places around the world — has been overwhelming and gratifying.

In response, we are working with the Methow Valley News to publish a magazine that will include all eight articles, an article about Jerry, and other important information about detecting and living with Alzheimer's. The magazine will be widely distributed in North Central Washington and beyond.

We have created a fundraising effort to support the production costs of the magazine. Room One in Twisp has agreed to be a contributing partner in producing the magazine. But we still need to generate more funds to cover costs.

Ways you can help:

- **ONLINE:** Fundraising site: www.youcaring.com/ReddingtonProject
Facebook page: www.facebook.com/reddingtonproject
- **NORTH CASCADES BANK:** Reddington Project
- **BRING OR SEND TO MV NEWS, DESIGNATED FOR "The Reddington Project"**

Your generosity will help us spread Don's moving story beyond the Methow Valley.

Thank you,

Don and Ginger Reddington
